During facility tour, the auditor is required to take the photos and puts them on WCA Photo Report. Photos can be uploaded to related questions in SMART (If applicable), and complete photo report should be put in audit folders for record. Also some WCA clients may request to enclose this photo report in the report package or post it on GSCC. Below procedure and requirement must be followed.

- a) During the opening meeting, the auditor shall request the facility representatives for photo-taking permission. The auditor shall emphasize that the use of the photos will be limited for the audit report and relevant clients only. Photos taken will be treated confidential and would be retained in Intertek. The photos would NOT be disclosed to other third party in any way which would identify the audited facility identification unless Intertek obtains the applicant's written consent.
- b) After getting the photo-taking permission during the opening meeting, facility representatives who accompany the auditor during facility tour should also be informed in advance of any photo taking especially the sensitive area. If the facility representatives are hesitated for photo taking, the auditor should NOT try to persuade them. If the facility representatives refuse the photo taking, the auditor should state the reasons in audit report under "General Information".

5 pages of photo form are provided in this document for the convenience of the users. Additional pages or excessive pages can be inserted or removed if necessary.
